

# SELECTTape/ SWIFT

 **SelectPack**  
OUR PRODUCTS TAKE CARE OF YOURS

Remote Control Foot Pedal

## PRODUCT INTRODUCTION

- SelectTape/Swift is our most popular electronic dispenser. It is engineered to meet electrical requirements worldwide. This machine is created for fast-paced packaging environments where increased productivity, efficiency and carton sealing output is needed.
- Our gummed Paper Tape Machine SelectTape/Swift is known as a water activated tape dispenser and paper tape dispenser, and can also be an electric gummed tape dispenser. This is an eco-friendly packaging machine, designed for fast-paced shipping and packaging environments. You can produce paper tapes on-demand and pack them flexibly, saving labor and inventory costs. Print your own logo on the tape, and conduct good advertising. Replacing traditional scotch tape packaging, it is 100% recyclable and sticky, perfectly protecting the contents of the carton from tampering. It is the best packaging solution for sealed cartons.

## MULTI WORKING MODE

- Single-mode: Select different lengths to produce the selected length of tape.
- Automatic mode: Select one length and all the rest with the same length to be produced automatically.
- Fixed mode: Select several different sizes and produce the tapes as per the setting order.
- Manual Mode: Long Press Production Tape

-  **High Safety Performance**
-  **Multi Working Mode**
-  **Fast And Efficient**
-  **Quality Assurance**

## Reinforced Tapes Water Activated Gummed Paper

- Designed for fast, permanent adhesion and superior strength. Cracking of the adhesive surface provides our paper tape with excellent flexibility for sealing carton corners, edges and irregular surfaces.
- It is mainly used to replace pressure-sensitive adhesive tape etc. Works well on recycled cartons, and non-palletized loads.
- Used for extremely secure box sealing. Strong adhesive packaging.
- The tape bonds to corrugated boxes to keep the contents inside safe during transit and shows evidence of any tampering or opening.

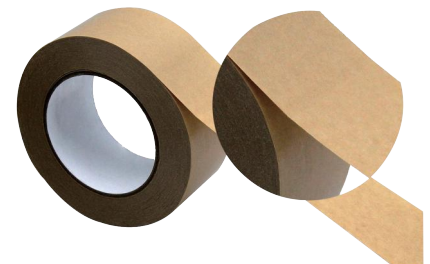

## Non-Reinforced Water Activated Gummed Paper

- Water Activated Tape. Also Known as Kraft Paper Tape, Biodegradable Tape, Made with Kraft Paper and Vegetable Glue That Bonds Immediately to Virgin and Recycled Fiber Surfaces. Produces a Destructive Bond That Creates Tamper Resistant Packaging.

## Self Adhesive Kraft Paper Tape

- Self-adhesive kraft tape is also known as self stick tape & self-adhesive tapes. It uses a high-density kraft paper as a base material and can be used for masking and general fixing, bundling and splicing applications. This tape is easy to mark and write on, and can be torn open by hand.
