

SELECTPaper/ VOID FILL PAPER

MONKEY

FAST PAPER OUTPUT SPEED, EASY TO OPERATE

● SELECTPAPER/MONKEY INTRODUCTION

- The automatic lightweight void fill paper machine SelectPaper/Monkey is a convenient and fast output machine. It is specially designed for logistics, assembly lines, e-commerce, office, express delivery, and other small-cell packing stations.

● ADVANTAGES OF VOID FILL PAPER MACHINE

- The equipment is small in size and easy to operate
- Fast paper output speed, all-round protection
- 3 operation modes selection, automatic cutting
 - Automatic Mode: After setting the length, the paper will be output automatically.
 - Single Mode: Take the previous one and continue to the next.
 - Pedal Mode: Press and hold pedal output the paper continuously. Release the pedal cut the paper automatically.
- The setting of the bottom pulley is convenient to move the device
- The height of the lifting rod can be adjusted to meet different packaging needs
- Recyclable packaging materials
- Applied in all areas of life

● PRODUCT INTRODUCTION

- The void fill paper machine comes with automatic SelectPaper/Monkey and manual SelectPaper/Squirrel which is small in size, simple in operation, and fast in paper output. It does not require special training.
- The fan-fold paper is easy to set up and the Monkey system allows you to set the required paper length through the modes of selection.

	SQUIRREL	MONKEY
Size	470x350x(600-800)mm	930x930x1550mm
Net Weight	3.5kg	29kg
Speed	Manual	70m/min
Power	-	120W
Voltage	-	110V-220V

● ADVANTAGES OF PAPER VOID FILL MACHINE

- Filling up space in box to prevent items from moving during transportation.
- Lightweight, saving transportation costs
- 100% environmentally friendly materials, zero pollution
- Built-in cutter, free to choose the cutting length, improve packaging efficiency
- Smart button screen to reduce labor costs

MATERIAL SPEC	
Width	300mm, 500mm
Length	500m
Gram	50g
Color	Nature, White
