

**SELECTPaper/GOAT**

3 MODES CAN BE SWITCHED, A VARIETY OF OPERATIONS

## ■ PRODUCT INTRODUCTION

- Paper Cushion is proven to prevent damage of goods in transit and gives the end user a positive open box experience which is environmentally friendly. Paper padding is one of the most sustainable and cost-effective protective packaging materials available.
- Our SelectPaper/Goat produces cushion paper to fully support all of your protective packaging needs, including void fill, wrapping, block & brace, and shock absorbing paper padding to cushion everything from light to heavy products.

## ■ ADVANTAGES OF PAPER CUSHIONING

- Sustainable paper cushioning solution made from multiple layers of 100% recycled paper
- Breathable material is gentle on delicate surfaces and easily wraps around products
- Absorbent material perfect for greasy items or liquids
- Resists puncture of sharp items
- Made from multiple layers of 100% recycled tissue paper sheets
- No adhesives - embossed or edge-line technique secures tissue paper together

## ■ ABOUT SELECTPAPER/GOAT

- The Paper Cushion Solution, SelectPaper/Goat can create custom-length paper pads which automatically cut into the corresponding set length through the internal constantly rotating gear, motor and cutter section, making it an ideal paper system for cushioning, blocking and bracing

### MACHINE SPECIFICATION

Model	Goat
Size	850x700x1750mm
Weight	120kg
Speed	18m/min
Voltage	110V-220V
Power	400W

## ■ PRODUCT CHARACTERISTICS

- Touch Panel, easy to operate
- 18m/min efficient output, 3 modes to switch freely
- A variety of operating modes to meet a variety of packaging needs
- Foot pedal setting
- Can be used with recycled paper
- Strong protective performance
