

SELECTFOAM/TIGER

Highest degree of product protection available

PRODUCT INTRODUCTION

- SelectFoam/Tiger system is an automatic foam-in-bag equipment which delivers cost-effective, superior product protection, easy maintenance and it takes care of your products in an attractive and damage-free way.
- This foam-in-place packaging equipment comes with a versatile industrial-grade touch screen display which allows optimum bag size and foam mixture percentage for a fast, secured protection to reduce damage rates.
- SelectFoam offers 3 major type of formulations, namely low-density, medium-density & high-density, suitable for void filling, blocking & bracing as well as good cushioning. Customised formulation is also available upon request.

HOW DOES IT WORK?
